## INTRODUCTION

How do you HEAR from God? Reading and studying His Word is how you hear from God. The acronym H.E.A.R. stands for Highlight, Explain, Apply and Respond. Using a H.E.A.R. Journal will help you hear God speak as you read the Bible. All of the words are action words to show you how to actively pursue God and who He is.

### HIGHLIGHT

Journaling begins first with reading God's Word. Read the daily passage for each week. Choose one or two verses from the passage to memorize or focus on throughout the day.

### EXPLAIN

Write one or two observations from the passage. Hint: This can be done by thinking of questions about the passage, writing down the questions, and answering them using specific verses from the passage.

### APPLY

Think of ways the verse/passage applies to your life right now. Write down one or two things you learned about who God is and how those truths can help you today, tomorrow, this week, this month, and this year.

### RESPOND

Write a prayer based on the passage. Pray back to God a specific verse. Spend time in repentance and praising God for who He is.

## BEST PRACTICES

Why: God desires to have a relationship with you. God speaks through the Bible, when you pray, and through fellowship with others.

When: Establish a regular time when you will read/study the daily passage.

Where: Find a quiet place where you can have an extended time of study.

What: Gather the necessary supplies: Bible, Paper, Pen/Pencil.  
How: Pray and ask God to reveal His Word to you.
